

Ordinary Guy

I'm tired and afraid
I got my whole life ahead of me
Don't want to be played
Don't want the world to get on top of me
I want to be loved
I want success, fame and fortune too

It's never enough I know it's
Never enough

I don't know where I'm going
Or what lies ahead of me

Listen to me
Because I want you to see
I'm just an ordinary guy
An ordinary guy
C'mon now take heed
Because you have to believe
I'm just an ordinary guy
An ordinary guy

My heart is my compass
And it never goes wrong
It always leads me from sadness
And it takes me back home
I may be over the hill one day
But I'll stay on top
Because I fight with the best of them
And never give up

I don't know where I'm going
But I know I like me

Listen to me
Because I want you to see
I'm just an ordinary guy
An ordinary guy
C'mon now take head
Because you have to believe
I'm just an ordinary guy
An ordinary guy

Angel

She came to me in light
In a chariot of gold
So shy and beautiful
Like fairytales of old
A princess for a prince
An icon for an age
But how d'you really live
When your whole life's a stage

Angel, Angel, Angel
You're flying now

She taught me there was love
She found the man in me
She held my beating heart
And set my soul free
She never stood a chance though
She tried in vain
'Cos when you're broken spirit
Haunts your mind
You're a prisoner inside these walls of pain

Angel, Angel, Angel
You're flying now
