### Here I Am

Everybody's searching for a future  
Life's a bitch so don't let it get to ya

World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am

Here I am

Everybody wants to be somebody  
Be true to yourself  
And you won't be nobody

World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am

Here I am

You gotta shout out loud  
You gotta raise the roof  
That you're the winner here  
That you're living proof  
In this game called life  
It's your name you shout out proud  
So c'mon shout it out loud

Everybody wants to be a hero  
Fight the fight  
And you'll never be a zero

World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am  
World watch out now  
'Cos here I am

Here I am

### 15

Joaney was a stripper  
In a dive down by the coast  
Big dreams of getting famous  
But how she didn't know  
Wasn't very pretty  
Wasn't very bright  
Couldn't sing or act, play anything  
But man she went all night

And she thought 15 minutes is all I need

Danny was a barman  
Cocktail extraordinaire  
Brick shithouse built  
A mockney lilt  
And sprayed on hair  
Delusions of grandeur  
From the woman that he laid  
Went on games shows, Kyle and Springer  
It gave him what he craved

He thought 15 minutes is all I need

### 15

I'll go to chniawhites  
Get pictured all night with a football star

15  
I've got nothing upstairs  
Just a big pair here they are

### 15

I'll win big brother  
Now I'm on the cover of Hello mag  
But what can I do'  
Do I deserve to be news'  
When 15 minutes is all I have

Tina was an actress  
She's toiled for 14 years  
After working all day for minimum pay blood sweat and tears  
Auditioned for a project, presenting for the beeb  
But Joaney got the part  
Because she shoved a bottle up her ass on live TV

She thought 15 minutes is all I need

### 15

I'll go to chniawhites  
Get pictured all night with a football star

15  
I've got nothing upstairs  
Just a big pair here they are

### 15

I'll win big brother  
Now I'm on the cover of Hello mag  
But what can I do'  
Do I deserve to be news?  
When 15 minutes is all I have

There's nothing clever  
It's just plain sad  
To make a name outa nothing you ever had  
If you don't pay your dues  
You're just yesterday's news
